

CE certified hybrid fiber optic cable OM4

Overview

Get OM4 multimode fiber optic cables 50/125 with bend insensitive fiber design that support 40G/100G cabling. 100% end-face, 3D interferometer, IL&RL tested. High performance lensed MTP® breakout cable for permanent and temporary installations. Standard premium grade A LC's (multimode OM4) guarantee low insertion loss values and high performance. Standard premium. Although Belden makes every reasonable effort to ensure their accuracy at the time of this publication, information and specifications described here in are subject to error or omission and to change without notice, and the listing of such information and specifications does not ensure product. Pricing (USD) Filter the results in the table by unit price based on your quantity. A tariff of 8% may be applied if shipping to the United States.
