

Cable tray companies near Australia

AI Overview

Leading cable tray manufacturers in Australia include EzyStrut, Burndy CSS, Axelent, Brilltech, Ozstrut, and ACURA Group. Key Manufacturers and Their Offerings EzyStrut is one of Australia's most prominent cable tray manufacturers, offering a wide range of products including ladder trays, solid-bottom trays, and wire mesh trays. Their trays are designed for both commercial and industrial applications, with options in pre-galvanised steel, hot-dip galvanised steel, and aluminium. EzyStrut also provides custom-engineered solutions for high-volume or specialized projects, ensuring compliance with Australian standards such as AS4680:2006. Burndy Cable Support Systems (CSS) specializes in high-quality wire mesh cable trays and other cable support systems. Their products are designed to meet NEMA requirements, providing reliable performance for diverse industrial and commercial applications. Axelent offers the X-Tray system, which integrates cable management with machine guarding solutions. Their cable trays are particularly suited for industrial and warehouse environments where safety and organization are critical. Brilltech and Ozstrut are also recognized for providing durable and versatile cable tray solutions suitable for harsh conditions, including mining, telecommunications, and construction sectors. ACURA Group supplies a variety of cable support systems, including cable trays, ladders, and mesh baskets. They offer hot-dip galvanised trays for outdoor or high-corrosion environments, perforated trays for lightweight cables, and fire-rated options for compliance with safety standards. ACURA Group operates in Adelaide and Perth, serving commercial and industrial construction projects across Australia. Considerations When Choosing a Manufacturer When selecting a cable tray manufacturer in Australia, consider: Material quality: Steel, aluminium, or wire mesh depending on load and environment. Product versatility: Ability to handle different cable types and installation scenarios. Compliance: Adherence to Australian standards...
