

Chilean Price Core Switch SFP

AI Overview

Core switches with SFP modules in Chile are available from brands like Ubiquiti, MikroTik, TP-Link, Cisco, and Huawei, with prices ranging from approximately CLP 50,000 to CLP 500,000 depending on speed, ports, and SFP type. Local Suppliers and Options

1. LK Distribuidor Offers a variety of SFP modules and switches including Ubiquiti SFP-Copper 1G, MikroTik SFP+ 10G, and Eurolan fiber switches. Stock availability varies; some items are in replenishment with estimated delivery times of 17 days for popular models like Ubiquiti SFP+ 10G RJ45. Modules support speeds from 1G to 10G and include copper and fiber options.
2. Compratecno Lists 13 SFP switch products with copper and fiber modules. Prices are subject to stock availability, and the site emphasizes last units for sale, indicating limited inventory.
3. SP Digital Offers a wide range of switches with SFP ports, including options for fiber and copper connectivity. Payment options include 6 installments without interest, and delivery is available throughout Chile.
4. Triplee.cl Stocks Cisco, TP-Link, and Huawei switches with SFP modules. Provides 24-72 hour delivery across Chile, competitive pricing, and special rates for businesses or bulk purchases. All products come with factory warranty and technical support, making it suitable for enterprise deployments.

Price Range and Considerations

- Entry-level 1G SFP switches: Approximately CLP 50,000-150,000, suitable for small offices or edge deployments.
- 10G SFP+ switches: Typically CLP 300,000-500,000, used for core or aggregation layers in medium to large networks.

Factors affecting price: Number of SFP ports, administrative features (managed vs unmanaged), brand, and module type (copper vs fiber).

Recommendations For enterprise or core network use, consider Cisco or Ubiquiti SFP+ switches for reliability and support. For smaller deployments or cost-sensitive projects, MikroTik or TP-Link switches provide good performance at lower cost. Always check stock availability and delivery times, as some high-demand SFP modules may...
