

Custom Manufacturer of Fire-Resistant Galvanized Cable Trays

AI Overview

Leading manufacturers of fire-resistant galvanized cable trays include Eaton, Schneider Electric, Legrand, Atkore (Cope), Marco, and Longjoy Cable Tray. Global and Specialized Manufacturers

Eaton Corporation: Offers comprehensive galvanized cable tray systems suitable for industrial and commercial applications, including fire-resistant options for data centers and utility projects.

Schneider Electric: Provides robust galvanized cable management solutions designed for challenging industrial environments such as oil & gas and chemical facilities.

Legrand Group: Specializes in cable management solutions with galvanized trays that withstand harsh conditions while maintaining aesthetic appeal.

Atkore International (Cope Cable Tray): Produces durable galvanized cable trays, including fire-resistant models for petrochemical and power generation facilities.

Marco Cable Tray Systems: Offers versatile galvanized cable trays adaptable to complex installations, with fire-resistant coatings available for safety-critical projects.

Longjoy Cable Tray: Manufactures fireproof channel cable trays with a galvanized steel skeleton and a fireproof coating made from siliceous and calcrete materials, providing excellent fire, water, and oil resistance.

Other Notable Suppliers

Ningbo Vichnet and Shanghai Besca: Chinese manufacturers with extensive experience in producing galvanized steel cable trays, including fire-resistant options, suitable for large-scale industrial projects.

Zhejiang-based suppliers like NEW SUNPLN and Shanghai Qinkai: Offer scalable production of fire-resistant galvanized trays with proven reliability and fast response times.

Product Features and Applications

Fire-resistant galvanized cable trays are typically used in:

- Fire control rooms, fire pumps, and fire elevators
- Smoke fans and automatic fire alarm systems
- Industrial plants, data centers, and utility infrastructure

These trays combin...
