Overview

Up to 12 analogue sensors or up to 40 digital sensors Suitable for industrial applications: Metal housing IP 65 or panel mounting. Recording of the measured data, indication on a big colour screen, alerting, storage, not to mention remote read-out via webserver. this is all. &OH DU ODRXW 7" colour screen with touch panel. Versatile: 4, 8 or 12 sensor inputs. The power operation department uses microcomputer relay protection testers to regularly calibrate and maintain the. View and download Ds500 manuals for free. Below is a. Below you will find brief information for recorder DS 500. This intelligent paperless recorder allows for the acquisition and storage of measured data from up to 12 sensors. Reports with costs. Megger offers test sets to cover all these applications, including the SMRT46, which you can configure to supply four voltages and three currents or, alternatively, six currents.

Article Content

DS 500 Intelligent Paperless Recorder: Installation & PDF

Outputs 4 relay (max. switching voltage: 400 VAC / 300 VDC, Switching current: min. 10mA, max. 6A) alarm management, relay freely programmable, collective alarm.

KFA300 Mini Handheld Protection Relay Tester

The KFA300 protection relay test set (3.5KG, Ipad Size) is independently developed by KINGSINE Electric Automation Co., Ltd.

KDJBS-30 Handheld Relay Protection Tester

Product Description: Portable Relay Protection Tester The Portable Relay Protection Tester is a high-precision, handheld test instrument designed for comprehensive field verification of relay protection

Protection Relay Tester

Protection relay tester which offers all the characteristics and functions needed for protective relay testing, in a manual or automatic mode, designed for maximum

Hertz Hzjb-430 Digital Portable Handheld Three Phase Relay Protection ...

HZJB-430 handheld relay protection tester is mainly used in power grid companies, power plants, electric construction companies, comprehensive security manufacturers, petrochemical companies,

Hzb-450 Portable Electrical Handheld Secondary Current Injection Relay ...

HZJB-450 handheld relay protection tester is in the secondary operation and maintenance work with debugging means to focus on checking the circuit environment of a new generation of independent

Relay protection tester,microcomputer relay protection tester,relay ...

KDJBS-30 Handheld Relay Protection Tester Product Description: Portable Relay Protection Tester The Portable Relay Protection Tester is a high-precision, handheld test instrument designed for

Kingsine's Relay Protection Tester for Protection Testing

Explore the functions and advantages of Kingsine's Relay Protection Tester and solution for Protection Testing.

Amazon : Relay Tester

Easily test automotive relays with this compact, user-friendly tester. Comprehensive checks for coil and contact functionality in a portable design.

Protection Relay Testing Equipment

These devices typically test single-, three-, four, and six-phase protection relay systems. ATEC stocks both manual and automated protection relay test sets from industry leaders such as OMICRON,

RELAYSTAR-H60 6-Phase Relay Tester | GPS-Synchronized Protection ...

The RELAYSTAR-H60 by Haomai is a cutting-edge 6-phase protection relay test system designed for precision testing of modern multi-function protection relays. Engineered for portability and accuracy,

What is the Wrindu Handheld Relay Protection Tester?

The RDJB-802H Handheld Relay Protection Tester is a versatile and portable device designed for testing and maintaining protection devices in power systems. Whether you work in power grid

The DeWalt DS500: Personal Property Protection

This is because the DeWalt DS500 uses the MOBILELOCK system for monitoring allowing for protection of personal property as well as job related property. No

Handheld Li-ion Battery-Powered Three Phase Relay Tester and on

HZJB-430 handheld relay protection tester is mainly used in power grid companies, power plants, electric construction companies, comprehensive security manufacturers, petrochemical companies,

2025 08 26 Catalogue_2025-26_EN_V01_DS

Recording of the measured data, indication on a big colour screen, alerting, storage, not to mention remote read-out via webserver... this is all possible with DS 500. All measured values, measurement

DS 500 Intelligent Recorder Manual

The document provides installation and operating instructions for the DS 500 intelligent paperless recorder. It includes safety instructions, technical

Hertz 30V to 500V Handheld Digital Volt Ampere Meter

Hertz 30V to 500V Handheld Digital Volt Ampere Meter Sequence Meter, Find Details and Price about Volt Ampere Meter Relay Protection Tester from Hertz

Revolutionize Field Testing of Protection Relays

Kingsine, a global leading electrical test and measurement equipment manufacturer, offers comprehensive electrical testing solutions, products

KFA320 Handheld Protection Relay Tester

KFA320 Handheld Protection Relay Tester The Revolutionary High-power, High-precision, Multi-functional, Mini relay tester KFA320 has been designed with a compact interior, similar in size to an

Protection relay testing and diagnostic solutions

Verify that your protection relays operate correctly when faults occur. Megger's smart relay testing solutions and expert support help you

KFA310 Mini Handheld Protection Relay Tester

Its Relay-Tester is suitable working for many world famous relay protection devices such as ABB, SIMENS, ALSTOM, TOSHIBA, SCHNEIDER, AREVA, SEL, GE etc and Kingsine also give the full

PRE-431S pro Hand-held Relay Test System

Overview The PRE 431S pro Hand-held Relay Test System weighs just 3.2kg and battery inside. The tester also is the engineer's ultimate toolbox that addresses relay protection tester

Handheld series relay equipment includes S10 single-phase current three-phase voltage type, S30 three-phase current four-phase voltage standard type, S60 six-phase current six-phase voltage

HuaZheng Electric HZJB-1700 Handheld Three phase Relay Protection Tester

The secondary defect elimination tester HZJB-1700 is controlled by single chip microcomputer, which is simple in function and convenient to carry. It can be used to test the action value and time of AC

Protection relay testing device, Protection relay test equipment

The robust multi-functional relay test system ARTES RC3 is the robust and universal solution for testing protection relays. Packed in a handy, extremely robust and resistant hard shell ...

LED Screen Display Portable Digital Handheld Three

HZJB-430 handheld relay protection tester is mainly used in power grid companies, power plants, electric construction companies, comprehensive security

Hertz Handheld Three Phase Voltage Primary Current Relay Tester

HZJB-450 handheld relay protection tester is in the secondary operation and maintenance work with debugging means to focus on checking the circuit environment of a new generation of independent
