

Eps Single-phase Power Distribution Box

Overview

The Fox ESS EPS-BOX-SP is a dedicated whole-home backup gateway that keeps your property powered during grid outages. Designed for Fox ESS single-phase hybrid inverters and AC chargers, it automatically switches between grid and backup power for a seamless supply when you need it. The SolaX X1 and X3 EPS Boxes are designed for easy integration with single-phase and three-phase inverters. Their compact build and integrated dual contactors simplify wiring and support flexible installation in any setup. This smart device instantly switches your critical loads to stored energy, transforming your photovoltaic installation into a truly reliable and autonomous. Fox are delighted to announce the launch of our new single-phase EPS box, a solution for automatic changeover for whole-home backup. Automatic On-Grid/Off-Grid switching with seamless transfer.
