

## Fengjie Mesh Cable Tray Price List

### AI Overview

The cost of a wire mesh cable tray in Fengjie typically ranges from \$0.9 to \$25 per piece, depending on material, size, and finish. Price Range and Factors Wire mesh cable trays, also known as basket trays, are among the most affordable cable tray types. Prices vary based on:

- Material:** Pre-galvanized steel is the cheapest, hot-dip galvanized steel is more durable and slightly more expensive, aluminum is lightweight but pricier, and stainless steel is the most expensive, suitable for corrosive or hygienic environments (e.g., coastal or food processing areas).
- Size and Load Capacity:** Widths typically range from 50-900 mm, depths from 25-150 mm, and load capacities up to 180 lbs/ft (268 kg/m).
- Surface Finish:** Coatings like HDG (hot-dip galvanized) or powder coating increase corrosion resistance and cost.
- Supplier and Volume:** Bulk orders or factory-direct purchases can reduce the per-piece cost significantly. OEM or customized trays may also affect pricing.

**Typical Costs**

- Low-end:** \$0.9-\$5 per piece for small, pre-galvanized steel trays suitable for indoor office or light-duty applications.
- Mid-range:** \$5-\$15 per piece for hot-dip galvanized or aluminum trays with moderate load capacity.
- High-end:** \$15-\$25 per piece for stainless steel trays or specialized corrosion-resistant finishes for industrial or outdoor use.

**Additional Considerations**

- Installation Costs:** Labor and mounting hardware can add to the total project cost.
- Shipping:** Heavier trays or remote delivery locations may increase expenses.
- Customization:** If your project requires specific dimensions or bends, OEM options may slightly increase the price but ensure proper fit and compliance with electrical standards.

In summary, for Fengjie, you can expect a wire mesh cable tray to cost roughly \$1-\$25 per piece, with the exact price depending on material, size, finish, and supplier. For large projects, contacting local manufacturers or distributors for bulk quotes is recommended to get the most accurate pricing.
