

Fiber Optic Fast Connector SC Head

AI Overview

SC Fast Connectors are pre-assembled, field-installable connectors designed for quick, reliable fiber optic terminations with minimal signal loss.

Overview SC Fast Connectors are pre-assembled, field-installable connectors that allow for rapid termination of optical fibers without the need for specialized tools, epoxy, or polishing. They utilize a mechanical splice or fast-connect mechanism to ensure precise fiber alignment and a secure connection, making them ideal for FTTH, data centers, and high-speed network applications.

Design and Features

- Connector Type:** SC (Standard Connector) with a 2.5 mm ferrule and push-pull coupling mechanism.
- Fiber Compatibility:** Supports single-mode (G652D, G657A1/A2) and multi-mode fibers, compatible with 250 μm and 900 μm fibers, as well as 0.9 mm, 2 mm, and 3 mm cordage.
- Polishing Types:** Available in UPC (Ultra Physical Contact) and APC (Angled Physical Contact), with APC providing higher return loss for sensitive links.
- Ferrule Material:** High-precision zirconia ceramic ferrules with concentricity within 0.5 μm to maintain stable fiber alignment.
- Installation:** Tool-less, fast termination typically completed in 30 seconds, with a factory pre-polished fiber stub and index-matching gel to minimize insertion loss.
- Housing:** Square plastic housing with push-pull design, flame-retardant (UL94 V-0) for indoor use.
- Performance:** Typical insertion loss ≤ 0.3 dB and return loss ≥ 50 dB (APC), ensuring high-quality signal transmission.

Applications SC Fast Connectors are widely used in:

- FTTH (Fiber to the Home) deployments for quick drop cable terminations.
- Data centers and LAN networks where high-density, reliable connections are required.
- Telecom networks and ODN systems for rapid field installation and maintenance.

Advantages

- Time-saving:** Eliminates epoxy, polishing, and curing steps.
- High reliability:** Stable connections even after repeated use.
- Compact and high-density:** Suitable for space-constrained environments.
- Plug-and-play:** Easy to install by technicians without specialized training.

SC Fast Connector for Fiber Terminations

SC Fast Connector is a cutting-edge solution designed to provide quick and easy terminations of fibers in the field. It have exceptional performance.

SC Fast Connector for Fiber Terminations

Engineered for efficiency, the Fast Connector enables quick and hassle-free terminations, allowing installers to make connections in minutes at

SC-UPC Fast Fiber Connector, Type 10

SC-UPC Fast Fiber Connector, Type 10 also called SC/UPC Fiber Optic Fast connector is a pre-polished field assembly connector that completely eliminates

SC/APC FTTH Quick Connector Optical Fiber Fast Connector

This kind of Field Assembly Optical Connector is designed for fast and simple field termination of single fiber, without polishing or epoxy.

FAST CONNECTOR SC APC SLXQuick

Field installable, no polish, with metal V-groove Type SC/APC SLXQuick Fiber Optic Fast Connector designed for FTTH is a new generation of fiber connector used in assembly. It can provide Open flow

High Speed Fast Connector-OEM Fiber Solutions

CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and security systems, saving you time on site. We have LC, SC, MPO, and other

SC Connectors

The single-mode and multimode SC connectors provide low insertion loss and high return loss for reliable, long-distance and short-distance transmissions.

Fiber Connector Types: A Complete Guide (2024)

It is a precise coupling device that joins fiber optic cables quickly, enabling faster connection and disconnection than splicing. The connector

SC APC UPC Fiber Optic Fast Connector.cdr

Ferrule APC: NTFPPSCAS Optical fast connector takes use of the latest generation of Rapid Ready-Terminal technology. After terminating, both the optical and mechanical performances reach the

AFC-SCA-B SC/APC Fiber Optic Fast Connector -AOA

Overview SC Fiber Optic Fast Connector also called SC Fast Fiber Connector or SC Quick Connector, designed for FTTH is a new generation of fiber connector used

SC/UPC Fiber Optic Fast Connector New Look Quick Connector

Product Description This kind of Field Assembly Optical Connector is designed for fast and simple field termination of single fiber, without polishing or epoxy. The Connector is made with precision and high

Fast Connector SC/PC SC/APC Fas

FAST connector is factory pre-polished field-installable connectors that completely eliminate the need for hand polishing in the field. Proven mechanical splice technology ensuring precision fiber alignment, a

Demystifying Fiber Optic Termination: SC Fast Connector Essentials

Uncover the essentials of fiber optic termination with SC fast connector. Explore installation steps, termination tools, and key features of SC fast connectors.

How to Install SC Fiber Optic Fast Connector

The fiber optic fast connector, also known as a fiber optic quick connector, is a type of fiber connector designed to quickly and conveniently terminate fiber optic cables. It eliminates the need ...

FASTConnect Mechanical Fiber Connectors | AFL Global

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250 μm and 900 μm fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx,

Fiber Connector Types: A Comprehensive Guide 2025

The SC connector is one of the earliest and most enduring types in the fiber optic world. Known for its square shape and push-pull coupling, SC is

Fiber Optic Quick Connector SC APC/UPC Optical Fiber Cable Fast ...

Fast connectors make fiber terminations quick, easy and reliable. These fiber optic connectors offer terminations without any hassles and require no epoxy, no polishing, no splicing, no heating and can

High Speed Fast Connector-OEM Fiber Solutions

High-Quality Fast Connector Solutions CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and

FASTConnect Mechanical Fiber Connectors | AFL Global

FASTConnect® connectors are compatible with 250 μm and 900 μm optical fibers, as well as 900 μm , 2 mm and 3 mm cordage. All primary fiber types are

Fast Connectors SC/APC or SC/UPC FTTH Fiber

This fast connectors system with features of high installation quality, high success rate and high reliability. The SC/APC or SC/UPC fast connector is applicable to

HTC Internet & Fiber Services | Local Internet Provider SC

Discover HTC Internet, a trusted local internet provider in South Carolina offering fast HTC fiber internet and reliable telecom services. Explore plans today.

Fiber Optic Fast Connector | Field-installable Connector

These fiber optic connectors offer terminations without any hassles and require no epoxy, no polishing, no splicing, no heating and can achieve similar excellent

Fast Fiber Optic Connectors |

These connectors are designed to accommodate different types of fiber cables, ensuring high performance and reliable connections. They are particularly preferred in various applications such as

Fiber Optics Fast Connector SC/UPC Simplex Single

Upgrade your network with Beyondtech's SC/UPC Fast Connector, specifically designed for FTTH systems. Experience seamless, tool-free installation with a

SC Fast Connectors

SC Fast Connectors are pre-assembled, field-installable connectors used in fiber optic networks for quick and efficient termination of optical fibers without the

FASTConnect Field-Installable Connectors

FASTConnect™ Field-Installable Connectors FASTConnect are factory pre-polished, field-installable connectors that completely eliminate the need for hand polishing in the field. Proven mechanical
