

Fireproof and waterproof cable tray manufacturer in Southern Europe

AI Overview

Leading Southern European suppliers of fireproof and waterproof cable trays include Spina Group (Schiavetti Tekno), Vergokan, DKC Europe, and Valdinox, offering certified, durable, and customizable solutions. Key Manufacturers

1. Spina Group (Schiavetti Tekno) – Italy Schiavetti Tekno, part of Spina Group, is a prominent Italian manufacturer of cable trays and accessories for industrial and infrastructure projects. Their product range includes stainless steel, galvanized, and wire cable trays, available in closed, perforated, ladder, and wire-mesh types. These trays are designed for strength, corrosion resistance, and long-term performance, suitable for fireproof and waterproof applications. Products comply with European (EN) and international (UL) standards, and custom sizes are available to meet specific project requirements.
2. Vergokan – Belgium/Europe Vergokan specializes in metal cable support systems, including cable trays, wire trays, and ladders. They offer fire-resistant systems rated E30, E60, and E90, as well as stainless steel options. Their solutions are suitable for industrial and civil infrastructure projects requiring high safety standards and durability.
3. DKC Europe – Italy/Europe DKC Europe provides a comprehensive range of cable tray systems and energy distribution solutions for civil and industrial infrastructures. Their products are designed to meet high-performance requirements, including fire and water resistance, and are widely used across Southern Europe.
4. Valdinox – Italy Valdinox focuses on wire mesh cable trays with high production capacity and innovative installation systems. Their trays are designed for robustness, safety, and long service life, and can be customized for specific project needs. Valdinox emphasizes efficient installation and compliance with international standards, making their products suitable for demanding environments.
