

How much does galvanized cable tray cost in Slovenia

AI Overview

The cost of galvanized cable trays in Slovenia typically ranges from €20 to €60 per 2.4-meter section, depending on type, material, and supplier.

Price Overview Galvanized cable trays, including hot-dip galvanized ladder trays, are commonly sold in standard lengths of 2.4 meters. Prices vary based on:

- Material:** Standard galvanized trays are generally less expensive than hot-dip galvanized trays, which offer higher corrosion resistance.
- Type:** Ladder trays, raceways, and other configurations have different costs due to manufacturing complexity.
- Accessories:** Fittings, bends, couplers, and support brackets are priced per piece and can add to the total cost.

Typical market prices for a 2.4-meter hot-dip galvanized ladder tray range from €20 to €60 per section, while additional fittings may cost €5–€15 per piece depending on size and complexity.

Suppliers in Slovenia Several suppliers provide galvanized cable trays in Slovenia:

- Bevec d.o.o.:** Offers trays from 50 to 600 mm in width, with galvanised, hot-dip galvanised, or stainless steel options, including a wide range of bends and accessories.
- Brilltech Engineers:** Supplies ladder and raceway trays with corrosion-resistant properties, suitable for industrial, automotive, and construction applications.
- ExportHub:** Connects buyers with local hot-dip galvanized cable tray manufacturers for bulk orders.

Additional Considerations

- Installation:** Galvanized trays are designed for quick installation, which can reduce labor costs.
- Customization:** Many suppliers offer custom sizes and finishes, which may affect pricing.
- Environmental Conditions:** For outdoor or high-humidity environments, hot-dip galvanised trays are recommended, though they are more expensive than standard galvanized trays.

For precise pricing, it is recommended to contact local suppliers directly to request a quote based on your p...
