ations, complying with IEC standards for low smoke/zero halogen and Eu oClass (Cca or B2ca) for fire protection. The cable shall also be water-blocked for use in outdoor environments. It shall s cable can be used for outdoor data communications connections including CATV, telecom trunk and ac OS2. Fiber Optic Splice Closure

GJS-HB4-2GLO Overview

Fiber Optic Splice Closure (FOSC), is for the protection of the fiber splice joint between two or more cables, for direct or branch connection, to prevent the aging caused by the heat, cold, light, oxygen and. As a premium indoor armored fiber optic cable, it delivers consistent performance in data-intensive scenarios, making it indispensable for ODF-integrated networks and high-traffic telecom setups. The optical fiber elements are typically individually coated with layers and contained in a protective. Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable joint closures, termination boxes, and other optical distribution network equipment.
