

Intelligent Manufacturer of AC Display Cabinets

AI Overview

Leading manufacturers of intelligent AC display cabinets include Boyard, Galilei S.p.a., and Guangdong Shengqilin, offering energy-efficient, modular, and customizable solutions for commercial and industrial applications.

Key Manufacturers and Their Offerings

Boyard specializes in advanced refrigerated display cases and cabinets, integrating high-efficiency compressors and condensing units. Their systems use variable-speed rotary compressors to maintain precise temperature control ($\pm 0.5^{\circ}\text{C}$), reduce energy consumption by up to 30%, and operate quietly at 55–65 dB, making them ideal for supermarkets, restaurants, and hospitality environments. Boyard's solutions include multi-deck showcase cabinets, frozen food islands, beverage coolers, and prep tables, all designed for energy efficiency, stability, and optimal product preservation.

Galilei S.p.a. manufactures innovative, functional, and energy-efficient refrigerated display cabinets with modular structures that can be adapted to various retail or hospitality settings. Their cabinets focus on space optimization, reduced energy consumption, and elegant design, combining technical functionality with aesthetic appeal. Galilei emphasizes sustainability and long-term reliability, making their products suitable for businesses seeking both performance and environmental benefits.

Guangdong Shengqilin Intelligent Technology Co., Ltd. offers a wide range of display cabinets and props with advanced sheet metal, acrylic, and painting processes. They provide ODM and OEM services, ensuring customization in design, size, and functionality. The company supports quick delivery, quality inspections, and a one-year warranty, making it a reliable choice for businesses requiring tailored intelligent display solutions.
