

Kazakhstan Telecommunications Fiber Optic Cable Manufacturer

AI Overview

Kazakhstan has several leading domestic fiber optic cable manufacturers, including Kazcentrelectroprovod LLP, Kazenergokabel JSC, KCEP, and Optictelecom, each offering extensive production capabilities and services.

Key Manufacturers

Kazcentrelectroprovod LLP Founded in 1993, Kazcentrelectroprovod is one of the largest optical cable producers in Kazakhstan. The company has an annual production capacity of 72,000 km of optical cable, 42,000 km of LAN cable, and 200,000 optical cords. It is recognized as a leading manufacturer in the country and serves both domestic and CIS markets.

Kazenergokabel JSC Established in 1994, Kazenergokabel is a major domestic manufacturer of cable and wire products, producing over 17,000 items with a total cable and wire production capacity of 80,000 km per year. The company also manufactures aluminum wire rods and participates actively in government programs for import substitution.

KCEP KCEP is the first factory in Kazakhstan dedicated to fiber optic and LAN cable production. The company focuses on meeting the telecommunications market's needs and supports digitalization across various sectors. KCEP collaborates with international producers and serves clients in Kazakhstan, CIS countries, and Europe.

Optictelecom Group Operating since 2003, Optictelecom provides fiber optic cables, accessories, and installation services. The company can design up to 2,000 km of fiber optic communication lines (FOCL) annually and construct up to 1,500 km per year, with capabilities to manage large-scale projects up to 3,000 km. Optictelecom also operates a laboratory for testing optical equipment and supplies renewable energy systems.

Other Notable Manufacturers Additional companies contributing to Kazakhstan's fiber optic sector include Taldykorgan Cable Plant LLP, Elektrokomplek...
