

Ladder-type cable tray supply information

AI Overview

Leading manufacturers and suppliers of ladder-type cable trays include Brava Cable Trays, ELCON Global, JLH Electric, and NewReach, offering a wide range of materials, sizes, and accessories for industrial and commercial applications. Key Manufacturers and Their Offerings

Brava Cable Trays manufactures ladder-type cable trays designed for heavy-duty power distribution. Their trays are available in widths from 150 mm to 1200 mm and heights from 50 mm to 150 mm, with standard lengths of 2500 mm. They offer welded and pre-galvanized mild steel trays, as well as painted and powder-coated finishes. Brava trays are lightweight yet strong, ideal for offshore and modular applications, and provide excellent airflow and heat dissipation.

ELCON Global in Pune, India, supplies ladder cable trays in hot-dip GI, pre-galvanized, powder-coated, electroplated, and painted finishes. Their trays support power distribution, control, and communication cables, with high load capacity and optional coverings for protection. ELCON also provides accessories such as bends, tees, reducers, and couplers, along with professional installation services.

JLH Electric offers ladder trays in steel, stainless steel, aluminum, or FRP, engineered for medium to heavy loads. They provide straight lengths and matched fittings for directional changes, width adjustments, and risers. JLH supports OEM/ODM orders and bulk customization, making them suitable for large-scale industrial projects.

NewReach provides ladder trays with parallel side rails and evenly spaced rungs for optimal airflow and heat dissipation. Their trays are made from galvanized steel, aluminum, or stainless steel, and are lightweight for easy installation. NewReach also offers a comprehensive range of accessories, including risers, tees, reducers, coupler plates, fasteners, and end clamps, ensuring flexible and efficient cable management.
