

Malaysia OPLC optical cable manufacturer

AI Overview

Key Malaysian manufacturers of OPLC (Optical Fiber Cable) include Tenaga Cable Industries, OPCOM Holdings, and Olympic Cable Company, offering a range of fiber optic solutions for domestic and international markets. Leading Manufacturers1.

Tenaga Cable Industries (TCI) TCI is the manufacturing arm of Malaysia's national utility company and specializes in Optical Ground Wire (OPGW), a type of fiber optic cable integrated with power transmission lines. Their OPGW designs often combine electrical power and fiber optic communications, reducing infrastructure costs and tower loading. TCI maintains comprehensive high-voltage testing facilities to ensure cable performance under extreme conditions, making them a reliable choice for utility-scale networks and long-distance fiber deployments .

2. OPCOM Holdings Berhad OPCOM operates one of Malaysia's most established fiber optic manufacturing facilities. They produce a wide range of indoor and outdoor fiber optic cables, including single-mode, multi-mode, simplex, and duplex configurations. OPCOM also provides complete passive infrastructure solutions, including sub-ducts and installation equipment, which simplifies procurement and installation for large-scale network projects .

3. Olympic Cable Company Sdn Bhd (OCC) Founded in 1968, OCC manufactures fiber optic cables alongside power, control, and solar cables. Their production facilities in Melaka and Johor cater to both domestic and international markets. OCC emphasizes high-quality, fire-resistant, and durable fiber optic solutions suitable for telecommunications, energy, and infrastructure applications .

Manufacturing Hubs and Advantages Malaysia's fiber optic cable industry is concentrated in the Klang Valley region (Kuala Lumpur, Selangor), with additional production in Penang, Melaka, and Johor. These regions benefit from established log...
