

Nationwide 144-core optical cable junction box

Overview

The 144 cores dome type fiber optic splice closure come with 2 inlets and 4 outlets, which is including 6 splice trays, each accommodating 24 fibers. It can be installed on aerial, in manholes, ducts and mounted on poles. The closure provides reliable sealing performance, and fiber splicing point protected in a ribbed. 16 Core Horizontal Optical Cable Splice Box The optical cable connection box is suitable for the direct and branch connection of various optical cables, and the laying methods include overhead, pipeline, and direct burying. Advantage: Complete parts, easy to install Easy to open, reliable. Ideal for FTTX, telecom networks. Durable Construction: Made from high-strength engineering plastics.
