AI Overview

Exact prices for Xinchengda cable trays in New Zealand are not publicly listed online, but they can be obtained by contacting local suppliers directly. Sourcing Xinchengda Cable Trays Xinchengda is a brand of cable trays commonly used for industrial and commercial electrical installations. In New Zealand, cable trays are typically available through electrical supply companies such as Steel & Tube, Equip Supply, Ideal Electrical, and Scott Electrical, which stock a wide range of steel and aluminum trays suitable for various projects. While these suppliers may not list Xinchengda specifically online, they often provide custom quotes or can source specific brands on request.

Pricing Considerations

Cable tray prices in New Zealand vary depending on several factors:

- Material:** Steel trays are generally more expensive than aluminum or PVC trays.
- Size and Type:** Width, depth, and ladder vs. perforated tray designs affect cost.
- Finish:** Galvanized or powder-coated trays are priced higher due to corrosion resistance.
- Quantity:** Bulk orders often reduce the per-meter cost.
- Import Costs:** If Xinchengda trays are imported, shipping and customs duties may influence the final price.

Typical commercial cable trays in New Zealand range from NZD 50 to NZD 200 per meter depending on size and material, though exact Xinchengda pricing may differ.
