

North Asia Communication Tower Manufacturer

AI Overview

Leading communication tower manufacturers in North Asia include XY Tower, Qingdao Altai Tower, and several large-scale Chinese steel tower enterprises, offering a full range of telecom infrastructure solutions. Key Manufacturers XY Tower XY Tower is a Chinese-based global leader in communication tower manufacturing, specializing in galvanized steel towers for telecom, broadcast, and smart grid applications. The company offers monopole, lattice, and custom-designed towers suitable for urban and rural environments, including 5G and LTE-ready structures. XY Tower emphasizes extreme weather and seismic resistance, and provides end-to-end OEM and ODM services, with over 15 years of experience exporting to more than 30 countries . Qingdao Altai Tower Co., Ltd. Established in 2003, Qingdao Altai Tower integrates R&D, design, production, and engineering services. The company manufactures telecommunication towers (monopole, lattice, guyed), transmission line towers, mobile telecom towers (COW), and customized steel structures. It holds ISO9001, ISO14001, and ISO45001 certifications and multiple national patents. Altai Tower emphasizes intelligent manufacturing, including automated welding, precision machining, and anti-corrosion technology, ensuring high-quality, durable towers . Mingzhu Steel Tower Enterprise Located in Hefei, China, Mingzhu operates a large-scale production facility covering over 20,000 square meters with more than 1,000 production units. The company produces transmission and communication towers, supplying major clients such as China Telecom, China Mobile, China Unicom, and China Tower. Their towers are widely used in urban and national railway systems, demonstrating reliability and large-scale production capacity . Siam Steel Tower Co., Ltd. Although based in Thailand, Siam Steel Tower serves the North Asian market wi...
