

PLC Fiber Optic Terminal Box

Overview

This 12 port fiber access terminal box is designed to connect feeder cables to subscriber drop cables for FTTH last-mile fiber connectivity. It integrates fiber splicing, optical signal splitting, termination and cable management into a compact enclosure for indoor and outdoor. Available with 1,2,4 fibres Pre-connectorized cable Multiple lengths available Easy to through tube Protection against any risk of interference with the laser beam Security in connection cord retention The reliability of the grip of the socket on the wall DIN rail mounted application Support fiber. HeyOptics offers FTTH CTO FTB FDB fiber optic terminal box in 6 core 8 core 12 core 24 core and 48 core with SC/APC adapters, which is used as a termination point for the feeder cable to connect with drop cable in FTTx or holding PLC Splitter by loading 1x8 1x16 1x32 PLC splitter SC APC up to 72. This advanced fiber access termination box delivers comprehensive FTTx network infrastructure in a single, weatherproof enclosure. It. Buy Standard Fiber Optic Termination Box from opelink, Professional service and Quality, reasonable price, welcome to consult. distribution can be done in this box,and meanwhile it provides solid protection and management for the fttx network building. With its total enclosed structure.
