

Price of 10G Huijue Optical Module

AI Overview

Huijue 10G optical modules typically range from \$50 to \$120 per unit, depending on model, supplier, and order quantity. Price Overview Huijue 10G SFP+ optical transceivers, including bidirectional (BIDI) and standard 10GBASE-LR modules, are available from multiple suppliers. Prices generally start around \$50 per unit for standard modules and can go up to \$120 or more for high-performance or long-distance models. Bulk orders may reduce the per-unit cost, and some suppliers offer factory pricing for OEM or distributor purchases. Supplier Options TELEFLY Telecommunications: Offers Huawei-compatible 10G SFP+ modules with ISO9001:2008 quality control, CE, FCC, ROHS, and SGS certifications. Minimum order quantity can be as low as 1 piece, with flexible shipping options including air, sea, and express delivery. HPC Optics: Provides fully tested Huawei-compatible 10G SFP+ transceivers with lifetime warranty and cost-effective pricing. eBay and Online Marketplaces: Huijue modules are also available on platforms like eBay, often with competitive deals for small quantities. Additional Considerations Shipping and Packaging: Most suppliers use shockproof packaging to prevent damage during transit. Warranty: Many suppliers offer warranties ranging from standard 1-year coverage to lifetime support for tested modules. Compatibility: Ensure the module is compatible with your network equipment, especially if using Huawei or other branded switches. For the most accurate quote, it is recommended to contact suppliers directly with your required quantity, module type, and shipping destination to receive a tailored price.
