

Rectangular fiber optic adapter hole spacing

Overview

Mounting- Free standing or bulkhead (3/8" hole or double-D at 5/16"). For purchasing, use the RP Photonics Buyer's Guide for fiber-optic adapters. It provides an expert-curated supplier directory, buyer-focused technical background information, and structured selection criteria to support professional procurement decisions. What Are Fiber-optic Adapters?

A. To pick up a draggable item, press the space bar. As a leading supplier of advanced fiber optic components, Molex has an extensive product offering that includes a full range of optical solutions from connectors, adapters and cables to backplanes and high-density interconnects. Molex's experience and resources provide customers a wide range of these licensee's. There are several variants of MPO compliant connectors in the markets such as those reducing space.
