Specification: Item Type: Power Distribution Box Material: ABS, PC Model: SG-DX002 Protective Level: Box IP65, Socket IP44 Input Port (Needs to be connected by the customer themselves): Option 1: Connect the cable directly to the built in main switch through water proof joint, and. Building the Future of Saudi Arabia: Where Innovation, Sustainability, and Local Expertise Meet In the heart of Riyadh, a construction site buzzes with activity. Cranes slice through the sky, workers in traditional thobes collaborate with engineers in hard hats, and digital blueprints flash on. Versatile Application: This compact power distribution box is suitable for various places such as construction sites, homes, yards, industrial, craft, gardens, and more. Convenient Handle: The outdoor power distribution box is equipped with a practical handle, making it easy to transport and carry. When you think about building a home, a hospital, or a skyscraper in Riyadh, Jeddah, or Dubai, what's the first thing that comes to mind?

Bricks, cement, maybe the design?

But behind every sturdy structure, there's a silent hero: the systems that keep everything running—especially electricity. With a wide range of electrical distribution equipment, we closely monitor portable power delivery systems to help meet your need for dependable, high-performance rental equipment.
