

Senegal JXF Distribution Box Manufacturer

Overview

Manufactured by Jiangsu Okey Electric Co., this Low Voltage Switchgear supports current ratings from 10A to 400A, featuring a cold-rolled steel enclosure, modular internal structure, and stable compatibility with standard circuit breakers. JXF small distribution box is a widely used device in low-voltage power systems, designed for the distribution and control of electrical energy. Suitable for various buildings, industrial, and commercial settings, it enhances the reliability and safety of power systems. The product features a. JXF series products are suitable for power, lighting and loop power distribution control, monitoring and metering protection in 50Hz~60Hz, single-phase two-wire, three-phase three-wire, three-phase four-wire and three-phase five-wire systems with voltage below 500V. Adopting wall mounted or embedded installation method.
