

Singapore Street Distribution Box Manufacturer

AI Overview

Sunlink Engineering, Asiatic Group, The Enclosure People, and Albert Hoo are key manufacturers and suppliers of street distribution boxes in Singapore. Sunlink Engineering specializes in metal distribution boxes (DB Boxes) for industrial, commercial, marine, and infrastructure projects in Singapore and Johor, Malaysia. Their products are fabricated using precision CNC laser cutting, bending, and controlled welding, ensuring robust structural integrity and accurate dimensions. They offer full customization for dimensions, material, opening layout, and surface finishing to meet project-specific requirements, making them suitable for housing electrical panels, circuit breakers, switches, and control components. Asiatic Group distributes thermoplastic distribution boxes from HENSEL, designed for harsh environmental conditions. These boxes are made from Thermoplastic Polystyrene and Polycarbonate with IP65 to IP67 protection, UV-resistant, halogen- and silicon-free, and corrosion-resistant. They are flame retardant and self-extinguishing, with double insulation for protection class II. Asiatic's ENYCASE cable junction boxes allow fast, safe, and standard-conforming installation with or without knockouts. The Enclosure People Pte Ltd provides a one-stop solution for electrical and instrumentation enclosures, including street distribution boxes. They distribute products from reputable manufacturers in Singapore, Europe, and Asia, offering design, drawing, wiring, and assembly services. Their enclosures cater to oil & gas, petrochemical, pharmaceutical, semiconductor, industrial, and infrastructure sectors, providing both standard and hazardous area solutions. Albert Hoo offers KRIPAL metal enclosures suitable for distribution boxes, made from cold-rolled steel or stainless alloy. These enclosures...
