

Special power distribution box for surveillance

Overview

A CCTV power supply box, also known as a power distribution box, allows surveillance system installers to easily manage the power to multiple CCTV cameras at a central point (usually at the location of the DVR). This allows your camera installation to be neater. Combined with RG59U siamese cable or video baluns, wiring becomes neater and easier to manage from one source. Instead of. Choosing a reliable power distribution box is essential for stable CCTV surveillance. All options below support multiple cameras, offer independent channel protection. □Long-lasting Performance□With an independent PTC fuse and LED indicator for each output, our power supply box offers general protection, guaranteeing reliability for over 100,000 hours of continuous operation. Buy a CCTV power box from Custom Video Security and get free shipping for orders over \$99.
