

Stainless Steel Cable Tray Material Prices

AI Overview

Stainless steel cable trays in the UK typically range from £20 to £150 per meter, depending on size, grade, and type. Price Factors The cost of stainless steel cable trays depends on several key factors:

- Material Grade:** 304 stainless steel is standard and slightly cheaper, while 316 stainless steel offers superior corrosion resistance for harsh environments, making it more expensive.
- Tray Type:** Options include ladder trays, basket trays, and solid-bottom trays. Wire basket trays are generally lighter and more affordable, while heavy-duty ladder trays cost more due to thicker gauge and structural strength.
- Size and Width:** Standard widths range from 50mm to 900mm. Wider trays or longer lengths increase the price.
- Gauge and Duty Rating:** Light, medium, and heavy-duty trays differ in wire thickness and load capacity, affecting cost.
- Accessories:** Bends, tees, risers, and couplers add to the overall system cost.

Typical Price Ranges

- Small wire basket trays (100mm width, 3m length, 304 stainless steel): approximately £20–£40 per meter.
- Medium ladder trays (300–450mm width, 3m length, 304 or 316 stainless steel): around £50–£90 per meter.
- Heavy-duty or large-width trays (600–900mm, 316 stainless steel): can cost £100–£150 per meter or more, especially for offshore or industrial-grade applications.

Purchasing Considerations

- Bulk Orders:** Many suppliers offer trade or bulk pricing, which can reduce the per-meter cost.
- Delivery:** Some UK suppliers provide next-day delivery or free delivery for orders over £100.
- Environment:** For outdoor, marine, or chemical-exposed installations, 316 stainless steel is recommended despite higher cost.
- Supplier Support:** Companies like Cable Joints, RS Components, Direct Channel, and CMW Ltd provide technical support, datasheets, and configuration advice for complex installations.

By considering material, size, type, and quantity, you can estimate costs accurately and select the most suitable stainless steel cable tray for your project.
