

Steel Trough Cable Tray Supplier

AI Overview

Leading manufacturers of steel trough-type cable trays include Metsec, MP Husky, Armorduct, and JLH Electric, offering a range of steel and galvanized solutions for industrial and commercial applications. Key Manufacturers

1. Metsec (UK) Metsec produces a wide range of steel cable tray systems, including medium and heavy-duty trough-type trays. Their products are available in mild steel pre-galvanised, hot-dip galvanised, and stainless steel (316L) finishes. Metsec trays conform to BS EN 61537 standards and are supported by independent testing. They offer bespoke systems, CAD design services, and a full range of accessories for bends, tees, and connectors, ensuring complete cable management solutions for industrial installations.
2. MP Husky (USA) MP Husky manufactures hot-dipped galvanized steel, mill galvanized steel, and stainless steel cable trays, including trough-type systems. Their products meet or exceed NEMA, UL, CTI, and CSA standards. MP Husky emphasizes reliability, structural strength, and long-term durability, serving industries across the United States with both standard and custom cable tray solutions.
3. Armorduct Systems (UK) Armorduct specializes in steel cable management systems, including cable trays, baskets, and trunking. They provide both standard and bespoke cable management solutions, manufactured in-house. Their steel trays are designed for industrial and commercial applications, offering flexibility in design and installation.
4. JLH Electric (China) JLH Electric is a professional manufacturer of steel cable trays, perforated trays, wire mesh trays, and accessories. Their products are certified under ISO 9001:2015, ISO 14001, ISO 45001, and CE, and they operate a 10,000 m² factory equipped with advanced machinery for shearing, bending, CNC punching, welding, and plasma cutting. JLH Electric provides high-quality, cost-effective solutions for global customers, including custom trough-type cable trays.

Considerations for Selection

Material and Finish: Mild steel, hot-dip galvanised, or stainless steel depend on the application environment.
