

Steel trough-type cable trays offer high cost-effectiveness

AI Overview

Steel trough-type cable trays typically range from \$1 to \$10 per meter, depending on material, coating, and order quantity. Price Overview The cost of steel trough-type cable trays varies based on material type, surface treatment, size, and supplier:

- Galvanized Steel Trough Trays:** \$1–\$10 per meter for standard hot-dip or pre-galvanized finishes, with bulk orders often reducing the price per meter.
- Stainless Steel Trough Trays:** \$1.50–\$4 per meter for standard stainless steel options, offering higher corrosion resistance and durability.
- Hot-Dip Galvanized or Powder-Coated Steel:** \$3–\$9 per meter, suitable for outdoor or high-humidity environments.
- Custom or Large-Span Trays:** Prices can reach \$10–\$28 per meter depending on width, height, and additional features like covers or perforations.

Factors Affecting Price

- Material and Coating:** Hot-dip galvanization and stainless steel increase durability but also cost more than standard galvanized steel.
- Tray Dimensions:** Wider and taller trays require more material, increasing the price.
- Order Quantity:** Bulk purchases can reduce the per-meter cost by 20–40%.
- Accessories and Fittings:** Connectors, covers, and mounting hardware add to the total cost.
- Supplier and Region:** Prices vary by supplier location and shipping costs; importing from Asia can reduce costs significantly.

Typical Supplier Pricing Examples

- Liaocheng Tongzhou Machinery Co., Ltd.:** Stainless steel trough trays starting at \$1.50 per meter with a minimum order of 50 meters.
- Accio / Alibaba Suppliers:** Galvanized steel trough trays priced \$1–\$10 per meter depending on size and finish, with minimum orders ranging from 2 to 100 meters.
- Bulk Industrial Orders:** Large-scale projects often negotiate lower rates, especially for hot-dip galvanized trays used in outdoor or industrial installations.

Recommendations

- For standard indoor installations, pre-galvanized steel...
