

Suriname Fireproof Cable Tray Model List

AI Overview

Suriname offers a variety of fire-resistant cable trays including FRP, galvanized steel, and stainless steel in ladder, perforated, and trough designs.

Types and Materials

- FRP (Fiberglass Reinforced Plastic) Cable Trays** Designed for fire resistance, corrosion resistance, and electrical insulation. Available in ladder and perforated types, suitable for voltages below 10kV. Lightweight and easy to install, with high strength and long-term durability in moist or corrosive environments.
- Galvanized Steel Cable Trays** Hot-dip galvanized for corrosion protection and fire resistance. Offered in ladder, perforated, and trough designs. Suitable for heavy-duty applications in industrial, construction, and electrical projects.
- Stainless Steel Cable Trays** Provide high corrosion resistance and fireproof performance. Ideal for environments requiring chemical resistance or high hygiene standards. Available in multiple sizes and configurations for flexible installation.

Features and Configurations

- Ladder Type:** Supports heavy cables, allows heat dissipation, and easy cable management.
- Perforated Type:** Lightweight, allows ventilation, and suitable for medium loads.
- Trough Type:** Fully enclosed, provides maximum protection against fire and dust.

Customizable Sizes: Heights, widths, and lengths can be tailored to project requirements.

Accessories: Brackets, fittings, and connectors are available for secure and flexible installation.

Suppliers in Suriname

- Brilltech Engineers Pvt. Ltd:** Offers galvanized and FRP cable trays with robust construction and corrosion resistance.
- Cable House:** Provides durable and reliable cable trays manufactured with modern technology and fireproof standards.
- TradeKey Suriname:** Specializes in FRP cable trays for corrosive and fire-prone environments.

These suppliers provide fireproof cable tray solutions suitable for new construction, retrofits, and industrial installations, ensuring compliance with national and international safety standards. For specific model numbers, dimensions, and load ratings, it is recommended to co...
