

Trough-type cable tray manufacturer with in stock

AI Overview

OTEES India and Sintex FRP are leading manufacturers of trough-type cable trays, offering both metallic and non-metallic solutions for industrial and commercial applications. Key Manufacturers

1. OTEES India OTEES India specializes in trough cable trays with premium quality and well-engineered designs. Their trays provide moderate ventilation, optimal cable support frequency, and reliable performance during power disruptions. They offer a variety of metal and non-metallic materials, ensuring professional installations with a focus on durability and aesthetics. The bottom configuration supports cables every 4 inches, which helps maintain organization and protection. OTEES emphasizes quality, affordability, and compliance with industry standards, making them a trusted choice for industrial cable management.
2. Sintex FRP Sintex manufactures FRP (Fiber Reinforced Plastic) trough-type cable trays using advanced thermosetting polyester resin reinforced with fiberglass. These trays are fabricated on electronically controlled pultrusion plants and assembled with stainless steel hardware. FRP trays are particularly suitable for environments requiring corrosion resistance, lightweight construction, and long-term durability. Sintex FRP trays are widely used in industrial and outdoor applications where metallic trays may be less suitable.
3. B2B Platforms and Other Suppliers For broader sourcing, platforms like Tradewheel.com and other B2B marketplaces list multiple manufacturers of standard and custom roll-formed cable trays, including galvanized, waterproof, and fiberglass options. These platforms allow buyers to compare quality, pricing, and customization options from global suppliers, including Atkore International and other industrial cable management specialists.

. Considerations When Choosing a Manufacturer Material: Metal (steel, aluminum) vs....
