

Which company in the UAE makes the best anti-corrosion cable trays

AI Overview

For superior corrosion resistance in the UAE, FRP/GRP cable trays from Global Fiber Glass and Delta Cable Trays are highly recommended, offering non-conductive, rust-proof, and low-maintenance solutions.

Top Companies and Their Offerings

- Global Fiber Glass UAE** Global Fiber Glass specializes in FRP (Fiber Reinforced Plastic) pultruded cable trays, which are completely immune to rust, moisture, and chemical corrosion, making them ideal for coastal areas, wastewater plants, and industrial facilities . Key advantages include:
 - Non-conductive for enhanced electrical safety
 - High strength-to-weight ratio, up to 80% lighter than steel
 - UV and fire-resistant, suitable for harsh Middle Eastern climates
 - Zero maintenance, eliminating the need for protective coatings
- Delta Cable Trays** Delta manufactures GRP (Glass Reinforced Polyester) cable trays in Ajman, designed for chemical, marine, oil, and gas industries . Their trays are:
 - 100% corrosion-resistant, ideal for marine and offshore environments
 - Non-conductive, ensuring electrical safety in high-voltage areas
 - Lightweight yet strong, simplifying installation
 - UV and fire-resistant, providing long-term durability
 - Customizable, available in various sizes and configurations
- BonnGulf** For those preferring metal-based solutions, BonnGulf offers hot-dip galvanized cable trays that resist corrosion and mechanical damage . While not fully immune like FRP/GRP, these trays are suitable for industrial and construction projects requiring durable steel systems with in-house galvanization for consistent quality.

RecommendationFor maximum corrosion resistance and minimal maintenance, FRP/GRP cable trays from Global Fiber Glass or Delta are the best options in the UAE. They outperform traditional galvanized steel in coastal, chemical, and high-humidity environments, while also providing electrical safety and long-ter...
