

Winter protection for outdoor server racks

Overview

Advanced techniques like cold aisle containment, in-rack cooling, and self-contained units offer greater efficiency and protection in demanding environments. Nemaco™ offers top-quality, durable server rackmount enclosures with water-resistant designs engineered to protect electrical power equipment and critical communication networks in harsh and unpredictable environments. Our NEMA 4 and NEMA 4X rated rackmount cabinets provide superior protection. Discover AZE Telecom's outdoor weatherproof cabinets and waterproof server racks. AZE's 19" outdoor server racks and outdoor network cabinets are ideal for protecting sensitive network systems from any damage due to impacts and harsh climatic conditions. These are manufactured from galvanized steel, aluminum or stainless steel material, making them the perfect layer of security. The Tripp Lite NEMA 12 SR42UBEIS 42U enclosure protects sensitive electronic equipment from harsh conditions that would overwhelm a typical rack enclosure, including falling dirt, dust, drips and splashes. With an "Ingress Protection" rating of IP67, it is a battle against the elements where the stakes are nothing less than total system uptime. When the sun. Our new products offer additional possibilities for your high-quality stainless steel server cabinets.
