

Wireless and optical cable hardware manufacturers supply

AI Overview

Key manufacturers and suppliers of wireless and optical cable hardware include Samtec, AFL, HFCL, Winchester Interconnect, and a wide range of global suppliers listed on GlobalSpec. Leading Manufacturers Samtec specializes in high-speed optical transceivers, board-to-board and board-to-cable interconnects, RF cable assemblies, and rugged power solutions. They provide in-house manufacturing, customization, and full engineering support for optical and RF systems, making them a strong choice for advanced connectivity applications. AFL Products offers a broad range of fiber optic solutions, including fiber optic cables, connectivity accessories, fusion splicing equipment, specialty optical fibers, and testing and inspection tools. They serve industries such as broadband, data centers, and energy, and also provide network and enterprise services. HFCL is a global technology company providing next-generation network solutions, including 5G network hardware, WiFi, optical fiber cables, optical fiber cable interconnects, virtualized access solutions, and network software integration. They focus on customizable and sustainable products for telecom, defense, and enterprise networks. Winchester Interconnect manufactures connectors, RF and microwave components, hermetic and fiber optic assemblies, and cable assemblies. Their products are widely used in aerospace, defense, space, and industrial applications, offering high reliability and rugged performance. Supplier Networks GlobalSpec hosts a comprehensive database of over 1,000 fiber optic cable suppliers, including manufacturers, distributors, and service providers worldwide. This platform allows users to search for specific optical and wireless cable hardware, compare products, and connect with suppliers for procurement. Summary For wireless and optical cable hardware, companies like Samtec, AFL, HFCL, and Winchester Inte...
