

XC Fiber Optic Connector

Overview

The UT-XC3701 is a specialized field-assembled optoelectronic hybrid connector designed specifically for use with 1. This connector facilitates a quick and efficient connection for mini optical cables, maintaining a compact length of 37mm.

HUBER+SUHNER is the leading supplier of fiber optic interfaces for harsh environments in communications, transportation and industry. These connectors are installed in many different environments, such as coastal areas, wind turbines, urban buildings and tower buildings in rural areas, where. A Photoelectric Composite Connector & Adapter is a hybrid coupler that enables optical signal + DC power to be connected through one interface in FTTR (Fiber-to-the-Room) deployments. Step 2 Connect the other end of the PoF cable to the XC. Fiber Optic OPGW Cable / Huawei FTTR Compatible Pre-terminated XC/UPC OPGW Patch Cable The OPGW (Optical Ground Wire) Patch Cable is suit for HUAWEI FTTR solution for modern indoor cabling. It provides integration of optical and electrical functionalities.
